NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

NOTE 1 –BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements of Interactive Multimedia Network, Inc., have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Article 10 of Regulation S-X. The financial statements reflect all adjustments consisting of normal recurring adjustments which, in the opinion of management, are necessary for a fair presentation of the results for the periods shown. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

These financial statements should be read in conjunction with the audited financial statements and footnotes thereto included in Interactive Multimedia Network Inc.'s form 10-KSB as filed with the Securities and Exchange Commission.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and that effect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – REVENUE RECOGNITION

Revenues are principally from services and commissions from providing marketing plans, services related to the internet marketing arena and from sales of health related products. Revenues from marketing and internet related activity are recognized when the services are completed. Revenues from the sale of health related products are recognized when the product is delivered to the customer.

In December 1999, the Securities and Exchange Commission ("SEC") issued Staff Accounting Bulletin No. 101 ("SAB 101"), "Revenue Recognition," which provides guidance on the recognition, presentation and disclosure of revenue in financial statements filed with the SEC. SAB 101 outlines the basic criteria that must be met to recognize revenue and provide guidance for disclosures related to revenue recognition policies. Management believes that Interactive Multimedia Network, Inc.'s revenue recognition practices are in conformity with the guidelines of SAB 101.

NOTE 3 – NET EARNINGS/(LOSS) PER SHARE

Earnings (Loss) per common share are calculated under the provisions of SFAS No. 128, "Earnings per Share," which establishes standards for computing and presenting earnings per share. SFAS No. 128 requires the Company to report both basic earnings (loss) per share, which is based on the weighted-average number of common shares outstanding during the period, and diluted earnings (loss) per share, which is based on the weighted-average number of common shares outstanding plus all potential dilutive common shares outstanding. Options and warrants are not considered in calculating diluted earnings (loss) per share since considering such items would have an anti-dilutive effect.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

NOTE 4 – GOING CONCERN

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. The Company reported a net profit of \$9,027 (unaudited) for the six months ended September 30, 2003. The accumulated deficit reported since inception is \$3,779,691 (unaudited). Additional capital and/or borrowings will be necessary in order for the Company to continue in existence until attaining and sustaining profitable operations. Management has continued to develop a strategic plan to develop a management team, maintain reporting compliance and seek new expansive areas in marketing through multiple media channels. Management intends to seek new capital from new equity security issuance's that will provide funds needed to increase liquidity, fund internal growth, and fully implement its business plan.

NOTE 5 – BUSINESS SEGMENT INFORMATION

The Company's segment information has been prepared in accordance with Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards (SFAS) No. 131, "Disclosures about Segments of an Enterprise and Related Information." Segments were determined based on products and services provided by each segment. Accounting policies of the segments are the same as those described in the summary of significant accounting policies. Performance of the segments is evaluated on operating income (loss) before taxes, interest income or expense and other income or (loss). The Company has elected to organize its businesses based principally upon products and services. Interactive Multimedia Network, Inc. has two reportable segments: marketing, including services related to the internet marketing arena, and sales of health products.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Results of Operations

Three and six months ended September 30, 2003 and 2002

During the three month period ending September 30, 2003, the Company realized a profit of \$15,244 compared to a loss of \$7,251 for the same period ended September 30, 2002. The main component contributing to the increase in profit from year to year was an increase in revenue from the marketing segment.

During the six month period ending September 30, 2003, the Company realized a profit of \$9,027 compared to a loss of \$142,449 for the same period ended September 30, 2002. The main component contributing to the increase in profit from year to year was an increase in revenue from the marketing segment and minimal operating expenses in the current year due to decreased operations.

Revenues

During the three month period ending September 30, 2003, the Company's revenues from operations \$19,540 compared to \$2,480 for the same period ended September 30, 2002.

During the six month period ending September 30, 2003, the Company's revenues from operations \$19,800 compared to \$9,628 for the same period ended September 30, 2002.

Revenues are principally from services and commissions from providing marketing plans, services related to the internet marketing arena and sales from health related products. Revenues from marketing and internet related activity are recognized when the services are completed. Sales from health related products are recognized when the product is shipped.

Operating Expenses

During the three months ended September 30, 2003, the Company incurred \$2,643 in operating expenses from operations as compared to \$7,624 in the same period in 2002. This decrease was primarily due to minimal operating expenses in the current year due to decreased operations.

During the six months ended September 30, 2003, the Company incurred \$9,141 in operating expenses from operations as compared to \$143,444 in the same period in 2002. This decrease was primarily due to minimal operating expenses in the current year due to decreased operations.

Material changes in financial condition, liquidity and capital resources

At September 30, 2003, the Company had \$976 in cash and cash equivalents. The Company had a negative working capital of approximately \$817,874 at September 30, 2003. The Company's operations are not generating sufficient cash to maintain its present operations. The Company's cash resources are determined entirely on the volume of sales and services generated and we currently cannot estimate how much they will contribute to our cash flow. The Company has reviewed all non-essential activities and expenditures and has aggressively curtailed these items to assist in reducing the cash used in operating activities.
